

REMARKS

Upon entry of this Supplemental Response, claims 1-12, 14-69, 71-90, 92-114, and 116-131 remain pending in the present application. In this Supplemental Response, claim 11 has been further amended to correct for duplicate numbering of steps. Claims 13, 70, 91, 115, and 132 have been canceled. Applicants request reconsideration of the pending claims in view of the following additional remarks.

Summary of Telephone Interview with Examiner

Applicants wish to express sincere appreciation for the time that Examiner Lee spent with Applicant's representative Randy R. Schoen during a October 15, 2009 telephone discussion regarding the above-identified Office Action. During the interview, response requirements for reissue examinations were discussed. Applicant believes that this response is consistent with the overall discussion with Examiner Lee and requests that the Examiner carefully consider the Supplemental Response.

Support in the Specification for Amended Claims

In accordance with MPEP Section 1453, below is an explanation of support for each amended claim. The explanation provides the location in the specification for at least one supporting statement in the specification for each amended claim. Where appropriate, reference to a drawing is also provided. Furthermore, support for each amended claim may also be found elsewhere throughout the specification and the drawings, to which the Examiner is respectfully referred to. Therefore, Applicants believe that the claims, as amended, do not add new matter to the application.
